Autumn 2 Homework Menu

Choose 2 or 3 activities to do at home. Please bring anything you have made or any photos of your activities into school for your learning journey. You can send them through Evidence Me or bring them in for us to see 😊

Practice reading words

We have been practising blending words in phonics.

Can you have a go at reading the word cards attached. Read each sound then blend it together like this; c-a-t…cat!

Don't forget…

Read 10 times at home (this can be phonics books and reading for pleasure books) to receive a certificate, 25 times to get a Red Ted, 40 for a bookmark and 50 for accessory!

More and fewer

Make two groups of toys. Which group has more? Which has fewer? Can you make them equal?

Have a go at making Porridge

We are focusing on Goldilocks and the three bears for two weeks this term. Can you make some porridge just like the bears? What toppings do you like? We would love to see photos of you making your porridge! (Don't forget you can share these on evidence me).

Scan for a recipe 😊

Make a decoration

There are lots of celebrations this term and we would like you to create a decoration to show us something that you celebrate.

Some ideas could be:

Have you recently celebrated Diwali? Could you send us photos?

Will you be celebrating Children in Need? Can you create something spotty?

Cooler weather

Don't forget to bring a hat, scarf and gloves (with names in) for your child now the weather is getting colder. We spend lots of time outside so keeping cosy and warm is important. Please practise independence skills such as doing up coats and putting on shoes.
