## Djanogly Dozen

Dear Parents / Carers,

At Djanogly Learning Trust we would like to create a 'core offer' to all our children. The idea is that we will create a list of 12 activities that they will complete at different points during their time with us.

We are asking staff, parents and children to think about what they think we should add to this list.

Please take a look at the ideas below and rate them from 1-6 with 6 being the best.

There is a space to add your own idea too. ☺

| OPPORTUNITY                                                            | Rating 1-6 |
|------------------------------------------------------------------------|------------|
| Raise money for a group or the local community                         |            |
| Spend a night away from home                                           |            |
| Take part in a sporting event                                          |            |
| Learn to play a musical instrument and perform in front of an audience |            |
| Watch a live performance by professionals                              |            |
| Visit London                                                           |            |

My new idea:

Kind Regards

Mrs H Keen  
 Head of School
